

*Restoring Hope.
Transforming Lives.*

We are so honored to partner with you through our **One Dollar for Life Campaign** as we share the hope of Christ with hurting young women!

We are asking each family or individual in your congregation to give \$30 to honor God's faithfulness to Mercy through the years. (Or, if they'd like to do something really special, join our Mercy 360 Partnership Program at \$30/month.)

Of course, if your church would prefer to use the traditional \$1 ask, that's great! We understand each church is unique, and we respect that completely.

We have provided materials in this packet and online to support both campaign options. Please let us know if you have any questions.

Thank you for all that you do to support this ministry!

Blessings,
