Scriptural Confessions

Whether you are looking to increase your knowledge of scripture or simply grow closer in your walk with God, we encourage you to speak a scriptural confession over your life every day. It is important that you speak each confession **out loud**, not simply read it, as this will better help you remember and recall it. Many of our graduates incorporate this exercise as part of their daily devotional time. It only takes a minute but can make a huge difference in your life!

Please note: Each link contains 7 confessions to read every day for six months. You will need to rotate back to Week #1 after this.

Click on a link below to see daily confessions for that week.
