

MERCY MULTIPLIED is a nonprofit Christian organization that equips people to live free and stay free through Jesus Christ. Mercy's **residential program** is voluntary, biblically-based, and helps young women ages 13–32 break free from life-controlling issues and situations including: anxiety, depression, abuse, eating disorders, self-harm, addictions, unplanned pregnancy, and sex trafficking. These residential services are offered free-of-charge. In September of 2020, Mercy Multiplied launched its first **Mercy Multiplied Center for Wellness and Counseling (CWC)** in West Monroe, LA offering free-of-charge outpatient counseling to men and women aged 13 and older. Our **Outreach Services** train and resource men and women to effectively support and minister to those who are hurting and struggling through workshops, videos, podcasts, discipleship teaching, and other practical resources. Due to the success of the Center for Wellness and Counseling in Monroe/West Monroe, Mercy will launch a second CWC location in St. Louis in 2022. The St. Louis location will offer outpatient services along with the residential program that has operated there since 2005.

Nancy Alcorn
Founder and President

NANCY ALCORN

Nancy Alcorn is the Founder & President of Mercy Multiplied, (formerly Mercy Ministries), which was founded in 1983. Before Mercy, Nancy spent the first five years of her career working in a girls prison and then three years investigating child abuse cases in Nashville, TN. During the eight years that Nancy worked for the government, she quickly realized the inadequacy of these programs to offer real transformation in the lives of hurting young women. Nancy knew that only Jesus Christ could bring restoration in the lives of these girls who were so desperately broken. Nancy realized that God was asking her to step out in faith and create a new ministry model free of government funds and government control.

Since Mercy's inception in 1983, there are now multiple residential facilities across the United States and other countries for young women ages 13–32 who are struggling with life-controlling issues and situations such as unplanned pregnancy, sexual abuse, eating disorders, self-harm, addictions, as well as girls who are suicidal and victims of sex trafficking. The girls come free-of-charge and the average length of stay is 6–9 months.

In 2015, the ministry officially expanded its reach to help more hurting people outside the walls of its residential program by establishing Outreach Services in the United States and many other nations. Nancy and her team developed an eight-week study program called Keys to Freedom to bring deeper levels of healing to men and women of all ages. Over 50,000 copies of Keys to Freedom have been distributed around the world and it has been translated into German, Dutch, Danish, Swedish, and Spanish. Other translations are in process.

In 2020, the organization piloted its first outpatient center in West Monroe, LA. At the Mercy Multiplied Center for Wellness and Counseling, men and women ages 13 and older receive outpatient counseling free-of-charge. Plans are underway to open more of these centers.

Nancy has authored multiple books and has been featured as an international speaker at conferences and churches around the world. To learn more about Nancy and Mercy Multiplied, visit MercyMultiplied.com. You can also follow Nancy on Instagram and Twitter @nancyalcorn.

Co-Star of Duck Dynasty

“At the lowest point in my life when I didn’t even want to live because my marriage and family were a mess, all I could do was to cry out to God and ask Him for help to find some peace and hope. I soon learned that God was there to help me through the Holy Spirit and Jesus inside me. I began to understand that

they would be the anchor that would never leave me, even though the rest of the world would still be a mess. These same principles have been taught at Mercy for over 35 years to broken young women. My good friend, Nancy Alcorn, is the founder and president of Mercy. I have seen firsthand young women completely transformed by the work of Mercy, and I believe in what they are doing!”

PASTORS SARAH JAKES-ROBERTS & TOURE ROBERTS
Co-Pastors, One Church LA

“Hebrews chapter 11 is one of my favorite chapters in the Bible. That part of scripture is called ‘The Heroes of Faith.’ In it you’ll hear about countless people who trusted in God, and God did significant things through their lives. Sarah and I

consider Nancy Alcorn not only a friend, but also a present-day hero of faith. We’ve personally spent time with Nancy at Mercy Multiplied, and we can tell you Mercy is one of the most innovative ministries for the transformation of young women! It has to be attributed to God, the things that Mercy Multiplied, under the direction of Nancy and her staff, are able to do! It is with great honor and great joy that Sarah and I and One Church LA support Mercy Multiplied!”

JOHN C. MAXWELL
New York Times Best-Selling Author & Speaker

“For years I’ve said that leadership isn’t about titles, positions or flowcharts—that it’s about one life influencing another. Nancy Alcorn’s leadership is a stellar example of this definition, and her work transforming broken young women through the organization she

founded, Mercy Multiplied, is truly remarkable! Mercy’s team of excellent staff reach young women right where they are and influence them to reach their potential by helping them heal their brokenness and see a vision for a future. This is the kind of leadership that inspires us all!”

CECE WINANS
Grammy Award Winning Artist

“With the dysfunction of families, children having babies, rampant sexual abuse, and the lack of morality, it is difficult to see any hope for young women to have self-esteem and grow in wholeness. Mercy is not afraid to deal with the ugly, tough stuff—sexual abuse,

cutting, starvation. Nancy and her Mercy team get to the core issues. If you have a daughter, work with girls, or are a young woman struggling with these issues... you want to hear what Nancy has to say. It is sure to change your life.”

NATALIE GRANT
Dove Award Winning & Grammy Nominated Artist

“Mercy Multiplied is a biblically-based, Christ-centered program that delivers real results. As a young woman in my early twenties, I struggled with an eating disorder and I can tell you how important it is to not only get treatment and help, but to make sure that it is coming

from a Christ-centered perspective. That’s what Mercy has been doing for years and that’s why they have thousands of girls who have found true freedom that lasts a lifetime and that is a cause worth supporting.”

MATTHEW WEST
Grammy Nominated and Award-Winning Singer/Songwriter

“When you meet people who are passionate, driven, and living their life with a purpose like Nancy Alcorn, you want to get behind them. I’ve seen the results of the lives changed because of the awesome ministry that is literally diving into the most wounded

parts of these young women’s lives and saying, ‘that’s not who you are’, the best is yet to come.”

"I support Mercy Multiplied because it is a strong, biblically based program that doesn't take any government funding and accepts young women from all 50 states free-of-charge. I love how Mercy offers young women hope and is a place where their lives are restored and transformed."

JEFF FISHER
Former Tennessee Titans and St Louis/LA Rams Head Coach

"I first started supporting Mercy Multiplied when I was head coach of the Tennessee Titans. The last several years have provided me with the awesome opportunity to know Nancy Alcorn personally and be involved with Mercy. I have seen firsthand how the lives of young women forever change through the Mercy program."

PASTORS JOHN & DEBBIE LINDELL
Lead Pastors at James River Assembly

"We are blessed to know Nancy Alcorn. Her heart and passion for hurting girls and unwavering belief that God can

redeem and transform any life has not only affected the lives of thousands of girls for eternity, it has also impacted countless leaders and churches around the world. We have seen firsthand the fruit of the Mercy program in the lives of girls who entered the program in bondage and without hope and graduated completely changed, with a brand new understanding of who they are in Christ Jesus!"

DAVE RAMSEY
Money Management Expert & Radio Personality

"As a father of two girls, I certainly know what girls face today. So many do not receive the right kind of love from their families and make bad choices without realizing it. The guilt and shame from these devastating choices often lead to serious struggles with self-destructive

behaviors. I have watched Nancy Alcorn and Mercy bring hope and healing to struggling young women for many years— young women who were completely without hope. Mercy offers great inspiration, hope, and a way to true healing for all who want to be free."

JOEL OSTEEN
Senior Pastor of Lakewood Church, Houston, TX

"Our Family has had the honor and privilege of knowing Nancy Alcorn for more than twenty years. It is our belief that there is nothing closer to the heart of God than to help and heal the brokenhearted. This is the driving force behind the work of Mercy Multiplied and Nancy Alcorn, and we are proud to

be connected with this life-changing organization."

LIVES TRANSFORMED | RESIDENTIAL

TONYA, 1996 MERCY RESIDENT

"I came to Mercy as a last resort, when even the church had no hope for me. It was at Mercy that I began a true relationship with God rather than struggling through the routine of religion. For the first time in my life, I experienced the unconditional love of God and discovered my true identity. He called me by name, not my diagnosis. I was literally transformed as my mind was renewed with the Word of God and I learned to live by truth rather than circumstances. As God healed my hurts, I learned to trust Him and receive His heart for me.

Now, 24 years later, I am still walking in freedom as I build on the foundation I learned at Mercy. I love being a wife and mom of three boys. When I'm not homeschooling or conquering mountains of laundry, I am writing books to share my story of hope. I have been honored to travel and speak in churches and women's conferences across the country. I am passionate about helping others, especially those in the church, find the freedom that I know through Christ. God is redeeming every part of my life and I can speak life wherever I go. I am mercy multiplied!"

KRISTIN, 2003 MERCY GRADUATE

"My husband and I have been married almost 13 years. We have ten young children—9 biological, 1 adopted. People ask all the time how we do life with this many children. Honestly, before Mercy, I could not do life well with just me. I had an eating disorder I could not overcome, and I struggled daily to find hope. In my time at Mercy, God set me free from the eating disorder and instilled hope so deep within me. I have gone through hard, challenging and painful circumstances since Mercy. Some of those were out of my control and some were self-induced. Through any challenging time, I have been so grateful to have roots to come back to—the roots established in me at Mercy. I know that God loves and adores me, that He is for me and that there is always hope. I am passionate about helping instill hope, love, freedom, and identity in my children and in others I come into contact with everyday. I love living life passionately, and giving it all I've got—knowing that life is a gift I do not want to waste. Everyday is truly an adventure...an imperfectly perfect adventure!"

LAVONNA, 2012 MERCY GRADUATE

"Starting at a young age, I experienced sexual abuse and made an oath of silence that led to isolation. From the outside, my life looked ideal. On the inside, the deeper pain that was festering led to deeper issues. My first suicide attempt was at the age of 12, which was followed by an eating disorder and self-harm. When I reflect on my time at Mercy, I remember it being the safest place I had ever been. Experiencing genuine and unconditional love set the foundation for God to move in my life. I never would have imagined that I could go more than a few months without a suicide attempt or that being hospitalized would not be part of my life. Since graduating from Mercy, I have completed my post-doc and became fully licensed as a clinical psychologist. I worked with the Air Force and have now relocated to South Korea to be a pediatric psychologist with the US Army. Learning who I really am in Christ has brought a refreshing freedom that I hold on to each day."

KEYS TO FREEDOM STUDY

"This study gave my identity in Christ back to me, to walk every day knowing who I am and Whose I am. I haven't felt free like this, maybe ever. I recommend this study to EVERYONE!" — Jackie

"What I love about this study is that no matter where you are in your walk with God, how deep your wounds are, or how much baggage you have, this study meets you right where you are. It is good for literally everyone." — Casey

"Through reading Keys to Freedom, I realized that my anger had a root cause, and if I let God remove the root, then I would have victory over my emotions. I have seen a change in my family. My relationship with my son has changed. He is at ease around me, and I am finally proud of myself." — Jason

"I gained so much peace and freedom in this study. The joy and peace that fills my life now is unspeakable. As hard as this study was to get through emotionally, it was one of the best experiences of my life." — Bailey

MPOWER

MPOWER

"Everything about the workshop was so informative and can be put to use! Because of my time at MPower, I feel better equipped to help people and safeguard myself in the process." — Ryan

"One of the best things you can do for your people is to bring in Mercy Multiplied to train them! The entire day was filled with important teaching so that our church could be better equipped to help hurting people. If you want your people to recognize bondage and to affectionately direct conversations with people who are hurting, THIS is the training you will need!" — Reverend Lynn Holmes

"I absolutely LOVED the workshop! I didn't want it to end! So many Christians want to help but don't know where to start. This workshop definitely empowered and gave us direction! It was so awesome to meet with so many who are on the same path and to be encouraged by each other. I think all of us left more equipped to do what the Lord is calling us to do." — Tarri

"MPower provided a great mixture of practical application, Godly wisdom, and a reminder to seek the voice of God through any and every season of ministry. I received some great tools for asking better questions while trusting the Holy Spirit to bring healing in my own life as well as the lives of others." — Heather

51-YEAR OLD MERCY CENTER FOR WELLNESS AND COUNSELING CLIENT

"I cannot begin to explain the depth of growth, change, and healing that happened during my time at Mercy. I learned that I was the only person I was going to change and that change in me started a chain reaction in my home that was so unbelievable. God was restoring and building a family. For the first time, I started seeing positive conversations in my home where there have been very few before. It had become clear to me that the person I needed to heal was not a husband, not a stepdaughter, but myself."

22-YEAR OLD MERCY CENTER FOR WELLNESS AND COUNSELING CLIENT

"I am in more control of my freedom and have begun to break the bondage of oppression and generational curses. I have been reconciled to my family and have seen God move to repair broken relationships just through my own freedom and how I respond now."

48-YEAR OLD MERCY CENTER FOR WELLNESS AND COUNSELING CLIENT

"I'm currently free of alcohol and I haven't felt this good about life and myself in 20 years. I am no longer on antidepressants. I have a healthier relationship with my immediate family as well as other people who are in my life."

60-YEAR OLD MERCY CENTER FOR WELLNESS AND COUNSELING CLIENT

Most of the changes I see are in my thought life. I have been shown that the Lord truly loves me. He is not who/how I thought He was. He is not disappointed in me. He has placed in me seeds that will come to fruition. I have never experienced freedom like this in my life. This freedom has resulted in reconciliation with my husband, and we are excited about renewing our lives together in Christ! (she had been paying for counseling for 7 years to no avail)
